Placement Totals					142	3,163

There were twelve (12) emergency weather days in 2020 that are not reflected in the data in this report.

During the three (3) month period from the third week of March through the beginning of June, all shelter intakes were reduced to ensure adherence with CDC guidelines for social distancing of clients in the shelter.

As a result, placements at the emergency shelters by the TaskForce were lower than anticipated.
